PRINCIPAL'S LETTER

DEAR BULL DOG:

Summer is passing quickly and we are looking forward to your return. We recognize that our school is the sum of its parts...staff, students, family, and community. We feel our "parts" are the best of the best and are thrilled that you have chosen to allow us to be a piece of your educational successes. In choosing to attend CNHS, we know that your priorities are centered around challenging yourself academically, athletically, and in extracurricular activities.

As a student at Columbus North you are in great company! You will be surrounded by students just like you, students who want to make a positive difference in the world. Prepare now to take advantage of this opportunity by getting involved in one of the many activities/clubs at CNHS.

The first day of school is Wednesday, August 7. We will begin at 7:45 a.m. sharp, by meeting in your Bull Dog Time rooms to get updated schedules, fill out emergency cards, and take care of other "beginning of the year" business. Our teachers are updated in the latest instructional methodologies and look forward to helping you prepare for your future. I am confident that working together we will find a way to make your educational experience as a Bull Dog a rewarding one.

The "Bull Dog Way," is our aim to be Respectful, to be Responsible, and to build appropriate educational Relationships. It's an exciting time to be a Bull Dog! On behalf of the Columbus North administration and faculty, I welcome you to a new school year.

Sincerely,

David D. Clark, Principal

SCHOOL INITIATIVES AND PRACTICES:

BCSC MISSION STATEMENT

Deeper Learning is our individualized approach for preparing all learners to succeed in a competitive global economy and democratic society and to tackle the complex issues they will encounter.

BCSC VISION

BCSC demonstrates a community commitment to deeper learning for one...and all.

CONTINUOUS IMPROVEMENT COUNCIL MISSION STATEMENT

The mission of the Columbus North Continuous Improvement Council is to monitor and foster continuous improvement for Columbus North High School based on regular review of performance data and using quality processes, tools, and strategies.

UDL (UNIVERSAL DESIGN FOR LEARNING)

UDL is a framework to guide the design of learning environments that are accessible and challenging for all. Ultimately, the goal of UDL is to support learners to become "expert learners" who are, each in their own way, **PURPOSEFUL AND MOTIVATED**, **RESOURCEFUL AND KNOWLEDGEABLE**, and **STRATEGIC AND GOAL DRIVEN**. UDL aims to change the design of the environment rather than to change the learner. When environments are intentionally designed to reduce barriers, all learners can engage in rigorous, meaningful learning.

DEVELOPMENTAL ASSETS

The Search Institute has extensive research showing that having Developmental Assets in their lives helps young people make positive life choices that both protect and promote their development.

External Assets

Supports, opportunities, and relationships you need across all aspects of their lives.

Everyone has someone: A family member, another caring adult, someone in your neighborhood. We are here because your school cares about YOU!

YOU are a valuable resource! We need you! We want you to be safe!

You can have a positive impact on your friends and classmates: "Are you ok?"

Where do you spend your time after school? Are you creative? Are you participating in sports, clubs, church youth groups?

Internal Assets

Personal skills, self perceptions, and values you need to make good choices, take responsibility for your life, be independent, and fulfilled.

Are you committed to learning? Do you care about your school? What are you reading for pleasure?

Show others you care! Act on your beliefs and convictions. Be honest, even when it's not easy. If someone shares they are suicidal or thinking of suicide, this is not a secret to be kept! Take responsibility and tell a trusted adult. Substance use and sexual activity do not help feelings of hopelessness or pain.

Having empathy, sensitivity, and friendship skills are important. Are you able to resist negative influences and dangerous situations?

Do you feel you have control over the things that "happen" to you? Do you feel you have a "purpose"? Are you positive about the future?

HABITS OF MIND

The Habits of Mind are an identified set of 16 problem solving, life related skills, necessary to effectively operate in society and promote strategic reasoning, insightfulness, perseverance, creativity and craftsmanship.

- Persisting
- Thinking and communicating with clarity and precision
- Managing impulsivity
- Gathering data through all senses
- Listening with understanding and empathy
- Creating, imagining, innovating
- Thinking flexibly
- Responding with wonderment and awe
- Thinking about thinking (metacognition)
- Taking responsible risks
- Striving for accuracy
- Finding humor
- Questioning and posing problems
- Thinking interdependently
- Applying past knowledge to new situations
- Remaining open to continuous learning
