NEWBORNS' & MOTHERS' HEALTH PROTECTION ACT

Under the Newborn's & Mothers' Health Protection Act, the Plan may not restrict benefits for a hospital stay in connection with childbirth to less than 48 hours following a vaginal delivery or less than 96 hours following a cesarean delivery.

Plans may not require providers to obtain authorization from the plan for prescribing the stay. In addition, plans may not deny a stay within the 48-hour (or 96-hour) period because the plan's utilization reviewer does not think such a stay is medically necessary.

The plan must eliminate this preauthorization requirement with respect to hospital stays following vaginal delivery for the first 48 hours (or 96 hours in the case of a cesarean section).

The plan may impose such an authorization requirement for hospital stays beyond this period. In addition, the plan may impose a requirement on the mother to give notice of a pregnancy in order to obtain a certain level of cost-sharing or to use certain medical facilities. However, the type of preauthorization required by this plan (within the 48/96 hour period and based on medical necessity) must be eliminated.

PREMIUM ASSISTANCE UNDER MEDICAID & CHIP (CHILDREN'S HEALTH INSURANCE PROGRAM)

If you or your children are eligible for Medicaid or CHIP and you're eligible for health coverage from your employer, your state may have a premium assistance program that can help pay for coverage, using funds from their Medicaid or CHIP programs. If you or your children aren't eligible for Medicaid or CHIP, you won't be eligible for these premium assistance programs but you may be able to buy individual insurance coverage through the Health Insurance Marketplace. For more information, visit www.healthcare.gov.

If you or your dependents are already enrolled in Medicaid or CHIP and you live in a State listed below, contact your State Medicaid or CHIP office to find out if premium assistance is available.

If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, contact your State Medicaid or CHIP office or dial **1-877-KIDS NOW or www.insurekidsnow.gov** to find out how to apply. If you qualify, ask your state if it has a program that might help you pay the premiums for an employer-sponsored plan.

If you or your dependents are eligible for premium assistance under Medicaid or CHIP, as well as eligible under your employer plan, your employer must allow you to enroll in your employer plan if you aren't already enrolled. This is called a "special enrollment" opportunity, and you must request coverage within 60 days of being determined eligible for premium assistance. If you have questions about enrolling in your employer plan, contact the Department of Labor at www.askebsa.dol.gov or call 1-866-444-EBSA (3272).
