We hope Columbus North High School juniors can join us!

Dear Director of Guidance,

Greetings from Manchester University! I am pleased to let you know about an upcoming event for high school juniors – Manchester University Junior Scholars Day. This event, which we have hosted for over 15 years, is designed to introduce academically strong students to the University, provide scholarship information, and help students with the college search in general.

Junior Scholars Day is on Wednesday, April 15. Please see the enclosed sample invitation and reservation form for more details. Students who attend Junior Scholars Day have many benefits. Junior Scholars are:

- the first group of students invited to apply to Manchester University;
- guaranteed an academic scholarship upon admission to Manchester;
- awarded a \$1,000 Junior Scholars Day award for each year of undergraduate study at Manchester (up to four years);
- awarded the \$500 MU Visit Incentive scholarship for each year of undergraduate study at Manchester (up to four years) for visiting campus; and
- for the first time, Junior Scholars who have a minimum cumulative GPA of 3.5 will be the first group of students invited to apply for the Honors Program. They will be encouraged to apply by August 15 and will hear about admission by September 15!

Though we send invitations directly to some juniors, ***our main promotion of this event is through you***. We know there are often prospective students we do not know about who would be a good fit for this kind of program and for Manchester.

If you know of academically strong juniors from your high school who should be invited, please make a copy of the enclosed invitation and reservation form to share with them. Some examples of who to invite -- you could give invitations to a certain class (or classes) like Honors English, invite the top 10-20% of your junior class, or have a minimum GPA requirement of 3.25.

The online RSVP can be found at <https://forms.manchester.edu/admissions/isd/>. The deadline for registration is Wednesday, April 1. We can work with students directly once they submit the RSVP. Students can travel to campus on their own (or with parents), or some schools bring a small group with a teacher or guidance staff member as a chaperone. Please email me directly and soon if you plan to bring a group.

If you have any questions about Junior Scholars Day, please feel free to call (800) 852-3648 or e-mail me at KJReinoehl@Manchester.edu. Thank you for promoting this important event!

Sincerely,

Kim Reinoehl
