Ms. Bentham's News

This week in reading we learned about the Titanic, the anniversary is next week. We learned that it had a pool, library, gym, smoke rooms and a huge staircase. We decided that if we were kids on the Titanic we could read, sleep, swim, play hide and go seek, and eat. We also learned that we would have to dress up to go to dinner, no jeans allowed. By using our I-Pads we were able to find out all sorts of neat things about the Titanic.

In cooking we worked on reading our recipes, looking through the grocery flyer's, created our shopping list, went shopping, and next week we will begin making the recipes we picked out. We also did a scavenger hunt to find the necessary items in our kitchen. This was a fun activity and one that could be done at home at dinner time.

In math we used our time on the coffee cart to help us understand how to make change and communicate clearly with our peers.

We also worked hard during our community outings to make sure we are doing our job and being responsible.

Have a great weekend!!

Mr. Londeree's News

In the community this week, students continued to visit job locations even though it remained rainy and wet outside! Students continued to work hard at each job location and continued to demonstrate the 3 R's within the community. A new change to the community calendar is that we are now spending full days at Bright beginnings.

Students are washing dishes in the morning and then washing dishes and folding laundry in the afternoons. Students currently take a break in between shifts to eat lunch in the McDowell Café.

In the classroom, we kicked off our weather week on Monday. Students have been watching Night of the Twisters (PG) and learning about Tornados. Students have also been completing different activities on weather (clouds and weather words. We will continue to discuss weather next week and will have a few scientific experiments to complete through the week.

Have a great weekend!

Mrs. London's News

We had a great introduction to conversation starters this week. Examples of ones we already knew are on page 2 and 3 of the newsletter. We practiced using them and started learning how to start a conversation with new ideas this week. We will continue to do this next week. Some of the new starters are listed below. We will use them for our weekly words or phrases. Next week we will practice using them in different parts of our building and in the community.

Spring is always busy as we move through our last nine weeks of the school year. Make sure to look at the upcoming events calendar above. Upcoming events include prom, American Pie, Life Skills Award Ceremony, graduation, and half days due to senior projects. More information about all of these events will be in later editions of the newsletter.

We are working on a project for Mother's Day. If you have any newspapers we can have, please send them to school with your son or daughter through April 24th. Thanks!

Conversation Starters

1. What's your name?
2. How old are you?
3. What is your favorite movie?
4. Do you have a pet?
