CMS Coaching Staff Philosophy

1. **Playing Time is not guaranteed. No minimum quarter rule in middle school football.**
2. You are expected to be at practice every day.
3. Good practice habits, your attitude, and talent will determine playing time.
4. We are student-athletes---not just football players.
5. No tolerance for discipline issues on the team or in school.
6. We are Central Chargers...not Columbus East Chargers or Columbus North Chargers.
7. Concussion testing is performed on each 7th grade student-athlete to achieve a baseline starting point. We do not argue with doctors or trainers about negative results. When they are cleared to play...then we will allow them to practice/play. Must be cleared by doctor & trainer.
8. Communication by the coaches: CMS website, text, & email
